ADMIN@COMPLETEDANCETRAINING.COM

9/14-16 EXCHANGE PARADE
NARELLAN

Toddler Program is for 2-3 Year Olds

CDT is a family based studio that provides a safe, nurturing and encouraging program with high quality training, qualified teachers and focused on the fun and love of dance.

We offer a free trial class because we are confident in our programs and what we offer our students.

Our toddler and preschooler programs are based on the developmental stages of our young dancers and the Early Years Learning Framework.

CDT IS A COVIDSAFE BUSINESS

We appreciate your help in keeping CDT covidsafe - parents must check in, students must temp check and sanitise. Classes are capped and classes are scheduled to minimise congestion.

CDT Mission

Creating a safe space for all of our members to feel welcome.

To build on our students' confidence, ability and love of dance.

To strive to bring the best to south-west Sydney.

Our goal is to help CDT students believe in themselves and achieve anything they set their minds to.

At CDT we nurture each individual students journey, we believe in bringing out each students confidence and helping them find their spark.

CDT Team

The CDT team strive to give each student the best quality training while sharing our love of dance. Every CDT teacher is first aid trained along with a fantastic array of qualifications, experience and history to share with our students. Our toddler and preschooler classes are assisted by some of our senior students who are taking part in a teacher training program.

Directors: Jenna & Jerrika Howley

CDT Teachers:

Laura (LJ) Nash

Tylah Paterson

Joel Houwen

Hannah Pike

Lilly Jackson

Sophie Johnson

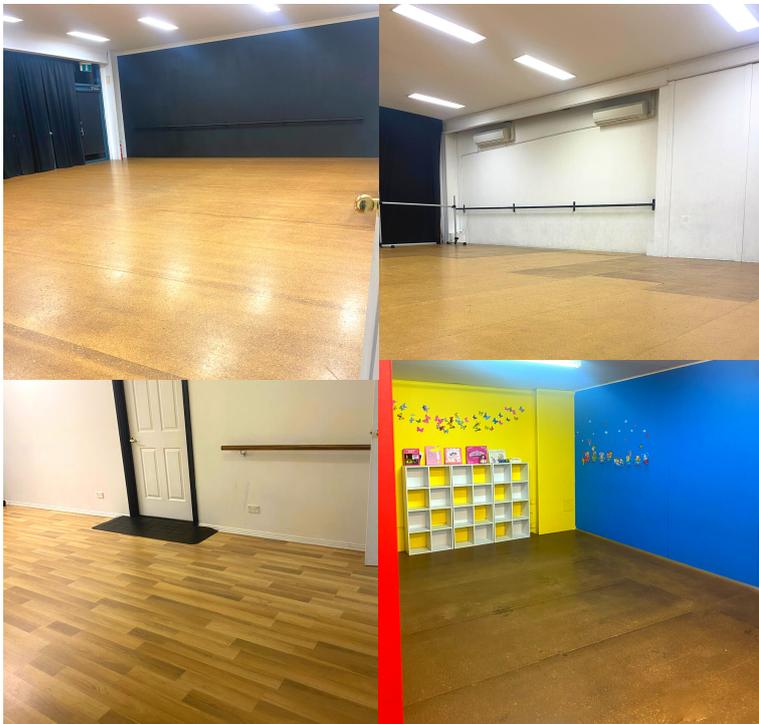

CDT Facilities

CDT is located at 9/14-16 Exchange Parade, Narellan.

This is where our purpose built studio resides.

Here we have 4 studios, Students area and waiting room.

One of our dance rooms is specialised for our CDT minis (2-6 year olds).

Socials

CDT have a private facebook group that gives regular updates, quick notices and messages from the CDT staff.

We have a facebook profile 'Adminat Cdt'

Our business facebook profile is www.facebook.com/completedancetraining

Instagram

Main Page - @completedancetrainig
Private Members only - @cdtmembers

Our main point of contact is our email admin@completedancetraining.com
You can also call us on 0401798381

CDT Toddler Program

The toddler program is a fun, interactive lesson which creates a positive introduction to dance in a 40 minute lesson.

This lesson includes:

Jazz - movement to popular songs embracing strength and coordination with hips, arms, bounces, model walks, balancing, jazz style and gross motor coordination.

Ballet - includes a lot of imaginary play where toddlers get to be butterflies, bunnies, fairies and engage in a variety of role playing as well as using props to introduce the love of ballet and ballet technique for young dancers.

Singing - introduces a fun way to acknowledge pitch, rhythm, tune and allows toddlers to engage their memory system to remember lyrics

Parents do not watch classes, you are usually invited in to meet the team, see the environment during their first lesson but due to COVID19 restrictions parents are not able to enter the building yet. We will get photo and video updates of how your dancer is progressing but we find it most beneficial for dancers to grow their confidence through independence.

BONUS TODDLER TAP CLASS

We are so excited about our new tap class for toddlers, the most fun making sounds with their feet and learning about foot coordination and rhythm.

There are limited spots available in this class so if you would like a spot in this class get in quick!

Year Overview

Term One:

Students settle into class, creating bonds with teachers and class members. Basic program is introduced as students are encouraged to explore their gross motor mobility. Stretching, turn taking and a foundation of dance.

Term Two:

Toddlers work on achieving travelling skills - skipping, fairy runs, gallops, jumps. In the jazz portion of the class toddlers will learn a routine to perform in the mid year concert. In the ballet portion toddlers will be familiar with plie, tendus and transference of weight.

Term Three:

Toddlers begin learning their jazz and ballet end of year concert routines. They will work on further progressing their skills and practice them independently.

Term Four:

Toddlers practice remembering sequence of steps as they prepare for the concert. We work on performing and shapes of steps as we test their knowledge and continue progressing their abilities

CDT Uniform

What to Wear?

Our uniform is not compulsory, we do have a uniform available but dancers just need to wear any leotard and skirt/shorts that they would like to (which makes it that little bit more affordable).

Toddlers will need ballet shoes for their class. Tap shoes for those who do the tap class.

The CDT custom merchandise is made to order.

Email admin@completedancetraining.com to order yours!

Check with directors for order dates.

The CDT Toddler program includes continuous communication and updates of progression from the CDT team.

Why CDT?

CDT Community

We have worked hard to create an environment where CDT members feel safe, are supported and can dream and achieve. We are so proud of the CDT culture, and that each CDT member becomes part of the family environment where we support each other and help each other achieve our goals. At CDT we are big on respect and our students and families help keep CDT the positive environment we have strived to be for 10 years.

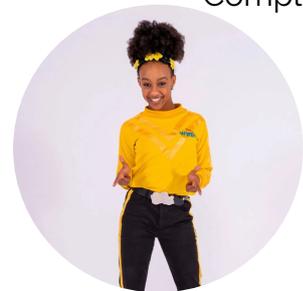

Because we are more than a dance studio, we're a dance family

What Our Past Students Say

When I joined Complete Dance Training, I immediately felt like I was part of a family. The staff have such a passion for teaching dance and they truly inspire and encourage students to grow.

Jerrika and Jenna are amazing and supportive mentors and they genuinely want to help their students improve as all-round performers. While attending CDT I was encouraged to work as hard as I possibly could but the classes were still loads of fun and the atmosphere was wonderful. I love my CDT family so much, and I strongly recommend any up and coming dancer to train at Complete Dance Training.

- Tsehay Hawkins

What Our Parents Say

"Since starting with the girls from day one of their own studio, it has been the best decision for my daughter. Not only has she improved in every area, but is also now part of a close knit family full of encouragement, support and friendship. Looking forward to seeing her grow as a better dancer in the hands of CDT"

- Evelyn

WHAT WE OFFER:

For Students 2-3 - CDT Toddler Program + Toddler Tap.

For students 4-5 - CDT Preschooler Program, PS Tumbling.

For students in primary and above - we offer two streams.

1. CDT Rec Stream
 2. CDT Performance Stream
- + Adult classes!

A Note From The Directors

We are so proud of everything CDT has become over the past ten years and we are so excited for its future. CDT is more than just a place, it's the students, the teachers, the families.

At CDT, we are supportive of each student and we recognise the benefits of dance in a persons life - we do not take lightly that we get to share that and we will always strive to build our students up to be the best they can, because we believe in them!

We are invested in our students and their goals.

At CDT, you have gained a second family, and we welcome everyone in their uniqueness.

- Jenna and Jerrika Howley
